

PHOTON ENERGY NEWS RELEASE

STATEMENT REGARDING PHOTON POWER AG

Amsterdam, 04 January 2016 – Photon Energy NV would like to point out to business partners, investors as well as the media and readers worldwide that it is not affiliated with the similarly named company Photon Power AG.

The global solar power solutions and services company Photon Energy NV is an entirely separate company from Photon Power AG, which was in the news recently. „We would like to take this opportunity to clear up any confusion that may have been caused by the news about the similarly named German group“, said **Photon Energy CEO Georg Hotar**.
