ABOUT PHOTON ENERGY

Photon Energy N.V. is a global solar energy solutions and services company covering the entire lifecycle of solar energy systems. Additionally, its subsidiary Photon Water Technology (PWT), focuses on developing and providing water purification, remediation and treatment systems for worldwide deployment. Since its foundation in 2008, Photon Energy has built and commissioned over 80 MWp of solar power plants across two continents and 57.1 MWp as part of our own portfolio. Current project development includes a project pipeline of 738 MWp in Australia (580 MWp in partnership with Canadian Solar) and 17.7 MWp in Hungary, with a target of 75 MWp by 2021. The O&M division provides operations and maintenance services for 300 MWp worldwide. Photon Energy is headquartered in Amsterdam and has offices in Europe and Australia.
